>>DISCLAIMER<< Please note: if not mentioned otherwise our guided tours are in German. Upon request, we are also happy to offer guided tours in English. If you are interested, please send your enquiries at any time to office@kuenstlerschaft.at.

During the exhibitions of the Annual Programme 2023, there will again be numerous items on our supporting and outreach programme. With a mix of artist talks, exhibition and dialogue tours, performances and workshops, there will be something for everyone. For the little ones (and older ones as well), we also provide educational formats tailored to the respective exhibitions that take into account age, group size and focal points of interest. Furthermore, in 2023, again we intend to focus more on discursive formats. Based on the themes of the annual programme's exhibitions, the locations of the Tyrolean Artists' Association will emerge as a discussion platform for members and friends of the association.

Art & Coffee: Exhibition tour

c. 30 min., all age groups

On selected Saturdays, the Tyrolean Artists' Association invites visitors to an exhibition tour and discussion as part of our Art & Coffee (Kunst & Kaffee) series at the Kunstpavillon and the Neue Galerie Innsbruck. First approaches to the current exhibition will be offered from the perspective of our team and an opportunity will arise for discourse and exchange. Afterwards, there will be plenty of time to explore the exhibition for yourself and to linger over coffee and biscuits.

>>NEW<< Curator-led tours

All age groups

As part of an exhibition tour, the curator will provide insights into the artistic positions on show and the curatorial and theoretical considerations behind the exhibition concept. The works on display will be discussed, as well as more practical considerations about staging and exhibition design.

>>NEW<< Tours & discussion for members & friends

Exclusively for members and friends of the association

Guided tour with curator and managing director Bettina Siegele, during which an open discussion on art and theory will take place, based on the exhibition and in dialogue with the participants. This format is intended specifically for members of the association as well as members of the *Freundeskreis*.
